### **A hierarchical manifold microchannel heat sink array for**

A hierarchical manifold microchannel heat sink is fabricated and tested in two phase operation. A thin film serpentine heater provides uniform heating over 5 mm × 5 mm area. An array of sensors monitors the device temperature field.

### **String theory Wikipedia**

In physics string theory is a theoretical framework in which the point like particles of particle physics are replaced by one dimensional objects called strings. It describes how these strings propagate through space and interact with each other. On distance scales larger than the string scale a string looks just like an ordinary particle with its mass charge and other properties.
